Dear David,

The enclosed letter is from a French (for real!) scholar who'd written me before.

I've had three phone calls like it plus one telling me that Tom Davis, at Rptos, CA has either listed it or said it is coming.

I'll take a chance on him and xerox the executive session he wants and end it to him. I think he'll pay.

If you prepare any kind of description of it I can mail in response to such letters I'd appreciate some.

Best to you all,

Harold
